

THE MECHANICS OF SEMI-PRIVATE YOGA

- ✓ You can invite your friends or family to join your package in a semi-private setting. Inspire Yoga does not group people together to form a semi-private class
- ✓ Semi-private classes will be held at the residence or clubhouse of one of the members of the class
- ✓ Class size is between 2-4 people to ensure it is still a private setting where poses are adjusted individually and everyone gets adequate attention from the yoga teacher
- ✓ Payment must be made by one person on behalf of the whole group. This person will liaise with Inspire Yoga to schedule the semi-private classes and provide other details
- ✓ Once payment is made, lessons will be charged the amount that was committed as a semi-private package, regardless of any absences
- ✓ Classes will only be re-scheduled if everyone in the class would like to change and not to accommodate individual preferences
- ✓ To avoid any misunderstanding, it is important that you clearly communicate with all members of the class of the package details, pricing and commitment to class schedules.
